Check with Rick on the count.

We're printing 50 of the full doc., 350 of the ES

I was figuring that those copies would be accounted for and thought it might be simpler to print several copies locally. But if there are 4 to 7 copies of the whole document and perhaps 9 copies or more of the summary that I could distribute to the three Kenai Peninsula public libraries that would satisfy the need. The Kenai Peninsula would be significantly affected by a mine in Bristol Bay because it would be the gateway.

Phil is asking to get some number of the 50 copies being made by ORD of the entire report.

ORD also making 350 of the executive summary to have ready May 19, and another 600 copies to have ready June 1.

Phil,

I don't have any printing funds in my budget. I assumed that all costs associated with the Bristol Bay Assessment would be funded through ETPA. Have you checked with Rick?

Marla,
Assuming that those I cc'd do not have any objection can I get several copies of the Bristol Bay assessment printed so I can place it in local libraries?
